

ONLINE WEBINAR

Extend your company's reach through hosted webinars and events

Build an audience through presentations, trainings, and demos

Engage customers and prospects to get more leads

Easy-to-use for webinar hosts and attendees

Support up to 1,000 attendees

ALL-IN-ONE WEBINAR SERVICE

Online Webinar makes it easy to promote your webinar, send customized invitations, and manage the registration of your attendees. Host a webinar and invite up to 6 live video panelists to engage your audience of up to 1,000 attendees. Gauge audience engagement by quickly launching polls in real-time, or creating them ahead of time. Plus, you can record your webinar to allow on-demand viewing.

After your webinar, engage your attendees and fully evaluate the effectiveness of your event with built-in reporting tools, follow-up emails and social media sharing. Online Webinar also supports customized registration, visibility controls within the meeting and integration with over 1,000+ popular business applications such as Facebook and LinkedIn—all to help you engage your customers and get more leads.

ONLINE WEBINAR BENEFITS:

- Share expertise with large audiences including customers, prospects, and business partners
- Get more leads by engaging and educating prospects
- Deliver training and presentations to large groups of attendees
- Record webinar content for on-demand distribution
